Axial Monster Truck Bodies

Axial bodies are made from .060" clear polycarbonate plastic to withstand the toughest abuse. A clear overspray film, vinyl window masking and pre-cut decals are included. All bodies include a wing with mounting hardware for enhanced performance. These bodies will fit the Savage, T-Maxx and E-Maxx monster trucks with the marked post mounting holes. Minor modification will allow these bodies to fit on other monster trucks currently on the market.

FREE!
Axial Fuel Bottle
only for the first 1,000 bodies sold.

Accessories

Axial Fuel Bottle

#AX20005

Axial is offering a free fuel bottle with every body sold. The first 1,000 bodies will come packaged with a free Axial fuel bottle bundled inside. The fuel bottle is made from flexible polypropylene with an aluminum fill spout. The Fuel bottle will be included inside the packaged body. This makes the deal on the bodies just that much better.

- Polypropylene is durable and will last forever
- Long fill spout so it is easy to reach any fuel tank
- 500cc will carry enough fuel for many runs
- Aluminum ring around fuel bottle top prevents splitting
- Rubber seals prevents leakage and easy filling

#AX2004

Axial 17-23mm Wrench

A must have in every well equipped tool kit, whether you race buggies or monster trucks. The wrench will work with all 17mm wheel hex hubs as well as the Pro-Line 23mm HD hex adapters.

- Machined out of 6061 Billet Aluminum
- Light grey anodizing
- Laser etched logo and sizes for easy reference
- Small and compact

#:AX20002

• Also fits HPI K4.6 & K4.6 HO

Axial Easy Start Back Plate

For 28/32 Engines

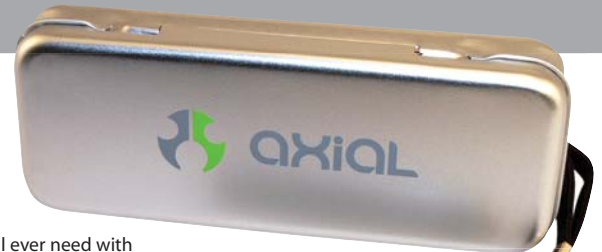

Are you tired of pulling on the pull start? Well here is the answer. The Axial Easy start back plate bolts directly to the Axial .28 and .32 engines and allows you to use any roto-start system currently on the market.

- Fits the Axial .28 and .32 engines
- Also fits Surefire .32, HPI K4.6 and K4.6 High Output engines
- Works with any standard roto-start system on the market

Axial Temp Gun

Infrared Temperature Gun

Axial's infrared temperature gun offers all the features you will ever need with a temperature gun. Accurate to plus or minus 3°F you can rest assured that your temperature readings are accurate. Small and compact the temperature gun can fit in your pocket or with the included lanyard can be worn around your wrist, it can also be clipped to your radio. The included metal case ensures a safe storage space, just put it in the case and toss it in your pit bag so you know it will be ready when you need it next.
